¹ Please use this form to account for all users and subscribers who are billed retrospectively, known as standard customers. For prepaid users and subscribers, please use the form entitled "Non-Wireline Annual Accounting – PREPAID."

² The 911 service charge applies to all users and subscribers of non-wireline service. If a customer gets one individual service from the carrier (for example, one cell phone service), only one charge applies; the customer is not counted twice as both a user and a subscriber. If a customer gets multiple services from the carrier (for example, a family account that includes four different cell phones, or an individual account that includes both a VoIP phone and a cell phone), the charge applies to each service and user (four charges in the first example, two in the second).

³ Pursuant to Tenn. Code Ann. § 7-86-108(a)(1)(B)(ii)(a), each non-wireline provider may retain an administrative fee in an amount up to three percent (3%) of its collections.

⁴ Cumulative amounts billed but not yet collected.
